

## Notice of truck rental rate certification and effective date

The commissioner has certified the minimum truck rental rates for state-funded highway projects effective Jan. 16, 2018. This certification follows the publication of the Notice of Truck Rental Rate Determination in the *State Register* on Dec. 18, 2017, and the informal conference held pursuant to Minnesota Rules, part 5200.1105, on Dec. 28, 2017.

According to Minnesota Rules, part 5200.1105, the purpose of the informal conference was for the Minnesota Department of Labor and Industry (DLI) to obtain further input regarding the determined rates prior to the certification. No additional written input regarding the determination was received by DLI prior to or after the informal conference.

The truck rental rate is determined for each equipment type by adding the average hourly cost of operating the vehicle to the certified prevailing wage rate for the driver. The average hourly operating costs are determined by voluntary survey of truck owner operators, trucking contractors and trucking firms.

The determination of the minimum truck rental rates by region are as follows.
