

**Transmittal No. 21-03  
November 10, 2021**

# Road Design Manual

**Distribution: Electronic Distribution Recipients****Subject: Chapter 12**

---

MnDOT is transitioning from the Road Design Manual (RDM) to its successor document of road design guidance, the Facility Design Guide (FDG). During this transition, both publications will be active and on line.

As new sections of the FDG are published, the corresponding RDM material will be removed and linked references to the new material inserted in their place. If you are not already on the electronic mailing list for these documents, signing up [here](#) will alert you to new updates as they occur.

Our apologies for any inconvenience. Thank you for bearing with us as we renew our road and street design guidance.

**Instructions:**

1. Record this transmittal letter number, date and subject on the transmittal record sheet located in the front of the manual.
2. Remove from the manual: Chapter 12 (All)
3. Insert into the manual: Page 12-0(1)
4. The Facility Design Guide and associated Transmittal Letters are available online in PDF format at <http://roaddesign.dot.state.mn.us/roaddesign.aspx>
5. Any technical questions regarding this transmittal should be directed to Mike Elle, Design Standards Engineer, at (651) 252-7644, or by email to [DesignStandards.DOT@state.mn.us](mailto:DesignStandards.DOT@state.mn.us)

Michael Elle, P.E.

State Design Standards Engineer  
Office of Project Management and Technical Support
