

## District 1

John Hinzmann | R/W | [john.hinzmann@state.mn.us](mailto:john.hinzmann@state.mn.us)  
Kevin Sutherland | Surveys | [kevin.sutherland@state.mn.us](mailto:kevin.sutherland@state.mn.us)

## District 2

Josh Dickerson | Land Mgmt. | [joshua.dickerson@state.mn.us](mailto:joshua.dickerson@state.mn.us)  
Denise Watkins | R/W | [denise.watkins@state.mn.us](mailto:denise.watkins@state.mn.us)  
Rod Gunderson | Surveys | [rod.gunderson@state.mn.us](mailto:rod.gunderson@state.mn.us)

## District 3

Kevin Schmidt | R/W | [kevin.schmidt@state.mn.us](mailto:kevin.schmidt@state.mn.us)  
Kevin Metz | Surveys | [kevin.metz@state.mn.us](mailto:kevin.metz@state.mn.us)

## District 4

Jeremy Flatau | R/W | [jeremy.flatau@state.mn.us](mailto:jeremy.flatau@state.mn.us)  
Jeremy Erickson | Surveys | [jeremy.erickson@state.mn.us](mailto:jeremy.erickson@state.mn.us)

## District 6

Brian Veronen | R/W | [brian.veronen@state.mn.us](mailto:brian.veronen@state.mn.us)  
Jordan Kurth | Surveys | [jordan.kurth@state.mn.us](mailto:jordan.kurth@state.mn.us)

## District 7

T. J. Thill | Land Mgmt. | [tj.thill@state.mn.us](mailto:tj.thill@state.mn.us)  
Chris Babcock | Surveys | [chris.babcock@state.mn.us](mailto:chris.babcock@state.mn.us)

## District 8

Matt Schlagel | Land Mgmt. | [matt.schlagel@state.mn.us](mailto:matt.schlagel@state.mn.us)  
Pat Jaeger | R/W | [pat.jaeger@state.mn.us](mailto:pat.jaeger@state.mn.us)  
Mark Mortenson | Surveys | [mark.mortenson@state.mn.us](mailto:mark.mortenson@state.mn.us)

## Waters Edge Building

Becky Parzyck | R/W | [rebecca.parzyck@state.mn.us](mailto:rebecca.parzyck@state.mn.us)  
Josh DeLeeuw | R/W | [joshua.deleeuw@state.mn.us](mailto:joshua.deleeuw@state.mn.us)

## Golden Valley/Oakdale Offices

Joe Hamlin | Surveys Manager | [joe.hamlin@state.mn.us](mailto:joe.hamlin@state.mn.us)  
Mike Nelson | Surveys/Location | [michael.d.nelson@state.mn.us](mailto:michael.d.nelson@state.mn.us)  
Travis Shorter | Surveys/Construction | [travis.shorter@state.mn.us](mailto:travis.shorter@state.mn.us)

## Office of Land Management

Joseph Pignato | Director | [joseph.pignato@state.mn.us](mailto:joseph.pignato@state.mn.us)

## Surveying and Mapping

Geoff Bitner | Assistant Director | [geoffrey.bitner@state.mn.us](mailto:geoffrey.bitner@state.mn.us)  
Cory Arlt | Automation | [corwyn.arlt@state.mn.us](mailto:corwyn.arlt@state.mn.us)  
John Barke | Geodetics | [john.barke@state.mn.us](mailto:john.barke@state.mn.us)  
Jason Bongard | Platting | [jason.bongard@state.mn.us](mailto:jason.bongard@state.mn.us)  
Jose Aguilar | R/W Mapping | [jose.aguilar@state.mn.us](mailto:jose.aguilar@state.mn.us)  
Adam Smith | Photogrammetric | [adam.smith@state.mn.us](mailto:adam.smith@state.mn.us)

## Real Estate and Policy Development

Julie Groetsch | Assistant Director | [julie.groetsch@state.mn.us](mailto:julie.groetsch@state.mn.us)  
Suzanne Hanrahan | Project Coordination | [suzanne.hanrahan@state.mn.us](mailto:suzanne.hanrahan@state.mn.us)

## Office of Transportation System Management

Jeff Saholt | GIS Mapping Section | [jeff.saholt@state.mn.us](mailto:jeff.saholt@state.mn.us)

# Survey and Land Management

Geodetic survey control

Data about parcel ownership is required for transportation right-of-way acquisition and other state land management purposes. In an effort to modernize land records across the state, particularly parcel maps that cover the state, MnDOT and other groups in Minnesota are creating digital land databases.

MnDOT provides the following products, services, and contacts to help foster the exchange of digital (graphical) parcel information.

## Parcel related information available:

A database of statewide information on permanent geodetic control marks of horizontal and vertical positions for use in surveying, mapping, and GIS/LIS activities.

MnDOT's District Survey Offices maintain field survey data on boundary, centerline, and right-of-way location and associated monumentation activities.

Recorded documents depicting proposed right-of-way acquisition that delineate boundaries, monumentation and related right-of-way parcel data.

Maps that graphically display information pertaining to the final boundary and right-of-way extents following completion of a road project.

Land available: [landsales.mn.dot@state.mn.us](mailto:landsales.mn.dot@state.mn.us)

These maps and related documents are in a variety of formats, including paper, scanned images, CAD files and GIS datasets. All are available to potentially assist in your effort to modernize your land record system.

### Parcel file data

A collection of important documents relating to and supporting acquisition of the parcel. Certificate of surveys, appraisal data, attorney's certificate of title, instruments of conveyance, well information, photographs, parcel sketch and field title reports are just a few of the potential items found in these files.

### State of Minnesota Basemap

A map derived from the digitized "skeletal quad" files (1:24000 scale) and frequently used for GIS planning purposes.

### Corporate boundary maps

Maps that show detailed municipal corporate boundary information. Current state, county, and municipal street maps; metropolitan area maps; and other low resolution base mapping that may be required for use in GIS/LIS, GPS and planning and programming activities are also available.

Field survey data
