

Traffic Control Overview Agenda – March 27, 2024

Presented by: Construction & Innovative Contracting (OCIC) and Traffic Engineering (OTE)

PDH: 4

Training Description: This is not a certification course. Recommended for field workers, project level engineers, supervisors, MnDOT traffic engineers, inspectors, local agencies, and engineering consultants. Students will be exposed to traffic control special provisions standard language, 2018 Field Manual, long term traffic control, temporary barriers and signing, work zone speed limits, temporary/interim pavement markings, portable changeable message signs, and pedestrian and bicycles accessibility in work zones.

| | | |
|-------------------|-----------------------------------|--------------------------------------|
| 8:00-8:10 | Welcome/Introduction | Jackie Brown , OCIC |
| 8:10-8:30 (20) | Reference Materials | Joe Bruer , OCIC |
| 8:30-8:50 (20) | MUTCD | Jeff Morey , OTE |
| 8:50-9:30 (40) | Field Manual | Jeff Morey, OTE |
| 9:30-9:40 (10) | Break | |
| 9:40-10:00 (20) | Long Term Traffic Control | Jeff Morey, OTE |
| 10:00-10:40 (40) | Temp Signing/Crashworthy | Jeff Morey, OTE |
| 10:40-11:00 (20) | Portable Changeable Message Signs | Jeff Morey, OTE |
| 11:00-11:30 (30) | Work Zone Speed Limits/EE | Michelle Moser , OTE |
| 11:30 – Noon (30) | Pedestrians & Bikes in Work Zones | Michelle Moser, OTE |
| 12:00-12:30 (30) | Lunch | |
| 12:30 – 1:00 (30) | Temporary Barrier | Jeff Morey, OTE |
| 1:00 – 1:20 (20) | Temp Pavement Markings | Jeff Morey, OTE |
| 1:20-1:45 (25) | Special Provisions 2562-2563 | Joe Bruer, OCIC |
| 1:45-2:00 (15) | Inspections | Joe Bruer, OCIC |
| 2:00-2:15 (15) | Final Questions | |
