

# Minnesota National Electric Vehicle Infrastructure (NEVI) Question and Answer – Addendum 2

*Updated 3/28/24*

## **Request for Proposal (RFP):**

### **Q. Is this funding opportunity only available to states?**

A. Eligible applicants are stated in section 3.0 of the RFP which is available for download from [www.mndot.gov/NEVI](http://www.mndot.gov/NEVI).

### **Q. Is it open only to the cities in the MnDOT NEVI Potential Site Areas?**

A. In section 4.2 of the RFP, MnDOT has identified 18 clusters along I-94 and I-35. One site will be funded in each cluster. Sites must be within one mile of an exit noted in the table on pages 7-8 of the RFP.

### **Q. What is the deadline for submittals from eligible applicants?**

A. April 3, 2024 at noon CST

## **Technical Requirements:**

**Q. In Attachment 1: Technical Requirements the NACS connector language was updated to say there must be 4 permanently attached NACS connectors and 4 permanently attached CCS1 Connectors. Is it still acceptable to meet this requirement with four adapters permanently attached to the charger? For example, would a station with four CCS1 ports and four NACS adapters attached to the charger be eligible under this requirement?**

A. Yes, permanently attached adapters are acceptable to meet the requirement for 4 NACS connectors.

## Does each application need to be accompanied by its own addendum form?

**Q. Does an addendum have to be completed for each site submitted or does one signed addendum work for all sites under one applicant?**

A. An *Attachment 10: Addendum 2 Cover Sheet* needs to be completed for each application submitted.

**Q.: Can an applicant who submitted at multiple clusters submit 1 acknowledgement of addendum 2 page with all cluster numbers listed on the appropriate line or would MnDOT prefer one form signed for each cluster submitted?**

A. An *Attachment 10: Addendum 2 Cover Sheet* needs to be completed for each application submitted.

**Q.: Can an applicant who submitted at multiple clusters submit 1 acknowledgement of addendum 2 page with all cluster numbers listed on the appropriate line or would MnDOT prefer one form signed for each cluster submitted?**

A. An *Attachment 10: Addendum 2 Cover Sheet* needs to be completed for each application submitted.

## Do current applicants need to resubmit application materials?

**Q. Do applicants have to completely redo their application submittals or can we acknowledge the addendum and just submit that?**

A. Current applicants (those who submitted prior to the February 9 deadline) who are not requesting any changes to their previously submitted documents simply have to acknowledge the addendum and submit an *Attachment 10: Addendum 2 Cover Sheet* for each application submitted.

**Q. Given that there were updates made to application form 3, is it a requirement that an applicant turn in an updated application on this form? If no changes from the applicant perspective are needed, would submitting a signed acknowledgement of addendum 2 suffice?**

A. If the applicant requests no changes to the content provided in the original application, an updated form 3 is not needed. Simply acknowledge the addendum and submit an *Attachment 10: Addendum 2 Cover Sheet* for each application submitted.

**Q. Given that there were updates made to application form 4, is it a requirement that an applicant turn in an updated application on this form? If no changes from the applicant perspective are needed, would submitting a signed acknowledgement of addendum 2 suffice?**

A. If the applicant requests no changes to the content provided in the original application, an updated form 4 is not needed. Simply acknowledge the addendum and submit an *Attachment 10: Addendum 2 Cover Sheet* for each application submitted.
