Effective Date: 4/8/2024

Purpose

MnDOT Inspector Guide is a web-based app that will need to be docked to your device's Home screen. This will allow you to easily access the app from your Home screen. This document provides step by step instructions on installing the app to your mobile device.

Device Requirements

- This guide is for an **iOS device**

Installing on your Device

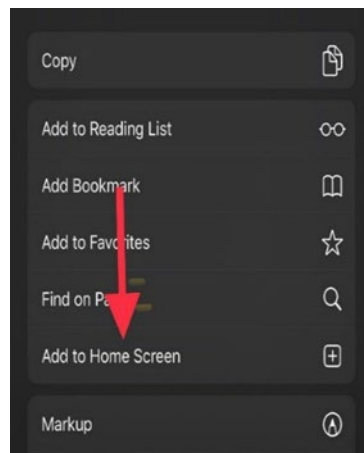

Go to the Inspector Guide webpage on your phones web browser using the link below:

[Inspectors Job Guide - MnDOT \(state.mn.us\)](https://state.mn.us/inspectors-job-guide)

You **MUST** dock the web app to your Home screen. This step is necessary to have the site run like a proper phone application. The following sections give step by step instructions on how to dock the app to your Home screen on an iOS device.

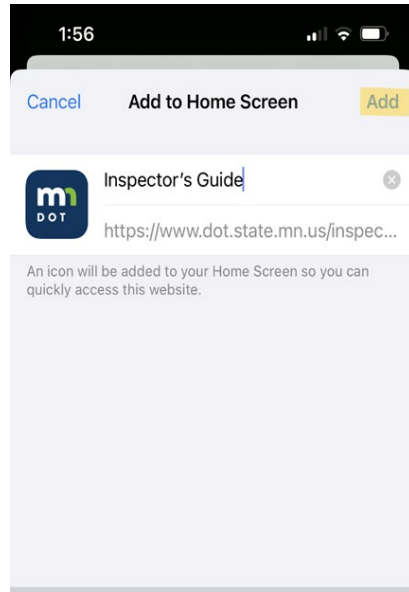

Docking for iOS

1. From Safari, select the **Share** button, then select **Add to Home Screen**

Note: If you don't immediately see **Add to Home Screen**, you may need to **scroll** to locate this option.

2. A prompt will ask you to confirm the app name. Edit the name to Inspector's Guide, then select **Add**.
 - a. After you select Add, the browser will close automatically.

3. Navigate to your Home screen. The Inspector Guide icon will be visible.
