

OTHER SERVICES

The Contract Vendor may be asked to provide technical, engineering and design services. The services will include, but are not limited to, design services for new or existing harness requirements to ensure proper capacity, connectors and material type. If new wire assemblies are developed as a result of the services requested by the State agency, any products generated will be the property of the State of Minnesota. Any CAD drawings furnished by the Contract Vendor will be considered the exclusive property of the state of Minnesota
