

Create a new folder with a title that represents each manufacturer of equipment that you are going to submit a bid for. The title should state the "Manufacturer and Vendor Name" for that equipment (example: Ridgid - Olaf's Hardware

Type information requested in yellow/shaded cells only. Please keep descriptions to less than 250 characters per cell.

Using the tab key will bring you to the next cell where information can be recorded.

Do not attempt to change pre-typed cells.

On pricing pages, make sure spec number (3.1, 3.2, 3.3.) is recorded in the proper sequence when you are filling in those lines with information. To insert additional lines, go to the "Insert" tab at the top menu and choose "Row."

On The Non MnDOT pages: If the only thing that changes the model number is the length you may add the new model (note the length) at the bottom of the page and the added cost for the longer length.

Once Information and Pricing sheets have been filled in, make sure these are saved. They should be saved with the name of the "Make and Model" of the equipment that they represent as the name of the workbook. Do this by choosing the "File" menu, "Save As" and then type the appropriate information for that equipment as the "File Name" (example: Craftsman - # 4237 Skill Saw).

On pricing pages, the price should represent the industry standard unit of measure for that item or option. If clarification of the unit of measure is needed, do so within the text cell where the description is recorded.

Save all information into the folders that were created for this equipment.

Type the catalog price list discount amount or percentage information in the space provided. If more than one discount applies to a catalog, state the different discounts along with the sections/products that they pertain to in the shaded space provided.

The State will publish all applicable information for communication to State agencies and CPV members. Be sure all documents are ready for publication. No shading, dark colors, or poor reproductions.
