

Hwy 24 Clearwater

Project Update: Fall 2024

In 2026, MnDOT plans to reconstruct the Hwy 24 bridge over Interstate 94 between 179th Street/Co. Rd. 145 and Ash Street in the city of Clearwater.

Although current funding only allows for reconstruction of the Hwy 24 interchange at I-94, the entire one-mile stretch of Hwy 24, from Co. Rd. 7 to the Mississippi River bridge, will be evaluated to identify future improvements.

Project goals

Improve future safety and mobility needs of the corridor

Incorporate pedestrian facilities along Hwy 24

Develop a long-term vision for the Hwy 24 project area

Inform users of upcoming Hwy 24 and I-94 interchange improvements

Project schedule

February 2024 – May 2024

Introduce project, learn about current issues and develop and recommend design concepts

We are here

May 2024 – October 2024

Refine recommended design concept and develop project layout

November 2024 – 2026

Input on final design and construction staging

2026 – 2027

Reconstruct the Hwy 24 interchange at I-94 between 179th St./Co. Rd. 145 and Ash St.
