

Technical Memorandum

To: Electronic Distribution Recipients

From: Michael G. Beer, P.E. Digital signature on file
Assistant Commissioner, Engineering Services

Jay J. Hietpas, P.E. Digital signature on file
Assistant Commissioner, Operations

Subject: MnDOT Standard Specifications for Construction

Expiration

This Technical Memorandum supersedes TM 21-02-TS-02 and shall remain in effect until October 23, 2030, unless superseded prior to that date.

Implementation

The direction contained in this Technical Memorandum affects all MnDOT projects beginning with the October 22, 2025 and subsequent lettings.

Introduction

MnDOT has approved and published the MnDOT *Standard Specifications for Construction, 2025 Edition*. Revisions to the Standard Specifications were made by a collaborative effort. Expert offices reviewed their specifications and made appropriate revisions.

Purpose

This Memorandum is issued to inform users of the Standard Specifications of the newly released edition. It is MnDOT's intention to release editions of the Standard Specifications on a regular basis.

Guidelines

Projects let on October 22, 2025, or later shall have the following note placed on the Construction Plan title sheet and the cover of the Proposal:

- The 2025 Edition of the Minnesota Department of Transportation "Standard Specifications for Construction" shall govern.

The Department will require that all portions of a project utilize the same edition of the MnDOT *Standard Specifications for Construction*. A new Trns*port List and a new set of boiler plate Special Provisions associated with the 2025 Edition are being developed.

Copies will be distributed within MnDOT.

An electronic version (PDF) is available at this website: <http://www.dot.state.mn.us/pre-letting/spec/index.html>.

Hard copies may be ordered from Lake Superior College. The website for ordering hard copies is pending.
