Ramp access to Hwy 23 & Hwy 9

Turn lane to St. Cloud

Trail

Right In/Right Out

Closed

LEGEND

- Paved roadway
- Proposed bridge
- Trail
- Raised median
- Roadway shoulder
- Yield Sign
- Stop Sign

The intersection of Hwy 23 and Hwy 9 will be redesigned with a bridge over Hwy 23 and ramp access to and from Hwy 23. A roundabout will be constructed near the intersection of Hwy 9 and the Hwy 23 access road. The east leg of County Road (CR) 40 will be realigned to connect to Hwy 9 and a cul-de-sac will be constructed on existing CR 40 east of Hwy 23. The west leg of CR 40 will be converted to a right in/right out at Hwy 23. The intersection will operate at highway speeds. A Hwy 9 bridge would include a trail across Hwy 23 for people who walk, bike and roll.
